

Thinking Beyond One-Size-Fits-All Therapy

POSTDOCTORAL FELLOWSHIP IN CLINICAL PSYCHOLOGY POSITION

Tenacity Psychological Services is an independent outpatient practice in Chicago that provides psychotherapy, assessment, training, supervision, and other clinical psychological services. We serve a socially, economically, and clinically diverse array of clientele from all over the Chicagoland area. Although we accept therapists from a broad array of clinical training backgrounds and theoretical orientations, the practice and its values and policies are firmly grounded in Feminist, Liberation, and Critical theory and practice. At Tenacity, we embrace the professional value that healthcare is a human right and strive to align our practices and policies with this value.

Required Experience

- Doctoral degree in clinical or counseling psychology from an APA accredited academic institution prior to starting along with all degree requirements (e.g. predoctoral internship, dissertation, graduation, etc.).
- Eligibility for and intention to pursue licensure as a psychologist in the State of Illinois

Training Opportunities & Responsibilities

- Commit to and complete at least 50 weeks (2000 hours) of clinical training experience
- Provide at least 24 hours/week of direct service to clients (e.g. psychotherapy and testing)
- Provide 2-4 hours/week of supplemental supervision and training for practicum students
- Participate in practice program evaluation, development, and administrative leadership
- Complete and submit all documentation and billing in a professional, and timely manner

Supervision & Consultation

- One hour of weekly individual supervision with Clinical Director, Dr. Miller
- Twice monthly group supervision with Dr. Miller
- As needed, ad hoc supervision for any clinical concerns as well as for testing evaluation review
- Quarterly opportunities for group professional developments outside of the clinic

Compensation & Benefits

- 40k annual salary, with the possibility for a promotion at the end of clinical training year
- BCBS PPO Healthcare Insurance or Healthcare Insurance Premium Reimbursement Plan
- 2 weeks of paid time off to be used as needed/desired over the course of the training year
- Licensure guidance/stipend and assistance with healthcare paneling for those offered employment after postdoc
